FEATURES

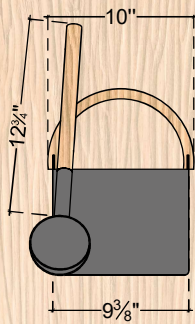

The KOLO Bucket + Ladle Set is a seamlessly crafted addition designed to elevate your sauna experience. This harmonious set, available in timeless black or white, includes a premium 1-gallon aluminum bucket and a bamboo wooden ladle. The bucket features a gracefully curved handle, enhancing both aesthetics and functionality. Crafted from bamboo and aluminum, these materials are chosen for their ability to withstand the intense heat of the sauna, ensuring long-lasting durability. Simple, efficient, and 100% leak-proof, this set is meticulously designed to effortlessly enhance your sauna.

HOW TO USE

Fill the bucket with water and add a few drops of your favorite essence. Elevate your sauna experience by pouring water onto your heater using this bucket and ladle. The quantity of water you add to the heater depends on whether you prefer a drier or more humid sauna environment. Avoid leaving the bucket to dry inside the sauna.
